

## **Environmental Specialist - Field (2 positions)**

**Preferred Application deadline:** April 19<sup>th</sup>, 2024

**Rate:** \$25.00/hour

**Estimated hours per week:** 20-35

**Dates:** May 13<sup>th</sup> – July 31<sup>st</sup>, 2024

### **Statement of work:**

The New Jersey Department of Health Vector-borne Disease Unit is seeking part-time workers to help with tick surveillance activities. Under the general direction of the NJDOH vector-borne disease entomologist/epidemiologist, the part-time workers will assist in a variety of tick surveillance activities, including standardized tick density sampling, exploratory sampling, tick identification, specimen preparation for laboratory testing, and data collection/data entry.

### **Minimum Qualifications:**

- Experience or interest in vector-borne diseases and medical entomology
- Familiarity or willingness to conduct field work
- Ability to maintain detailed and accurate records
- Ability to travel to and from surveillance sites throughout New Jersey (mileage reimbursed at \$0.47/mile)

### **Required documents:**

- CV/Resume

### **Contact Information:**

If interested in this position, please send your CV/resume in an email with the subject line "2024 NJDOH Tick Surveillance Application" to [cdsvectorteam@doh.nj.gov](mailto:cdsvectorteam@doh.nj.gov).
